Natasha Nicole Remoto

Front-End and Full Stack Web Developer

Polangui, Albay, Philippines | natasharemoto@gmail.com | linkedin.com/in/natasharemoto
github.com/tashanglala | natasha-portfolio-livid.vercel.app

PROFESSIONAL SUMMARY

Fourth-year Bachelor of Science in Information Technology student at Bicol University with hands-on experience in full-stack web development, responsive user interface design, and web application deployment. Experienced in building web-based systems using JavaScript, React, Node.js, and Firebase, including organizational management platforms and public-sector applications. Skilled in developing interactive interfaces, integrating authentication, and implementing database-driven features. Three-time Dean's Lister with a growing interest in secure application development. Seeking a Web Development Internship to contribute to real-world projects and further strengthen technical expertise.

TECHNICAL SKILLS

Front-End Development: HTML5, CSS3, JavaScript (ES6+), React, Vite, Tailwind CSS, Bootstrap, Responsive Web Design

Back-End Development: Node.js, Express.js, Python, Flask, REST APIs

Database & Cloud Services: Firebase Authentication, Firestore, MySQL, Firebase Hosting, Vercel

Development Tools: Git, GitHub, VS Code, Postman, npm

UI/UX & Animation: Responsive Interface Design, GSAP, Interactive Web Animations

Additional Knowledge: Web Application Security, OWASP Top 10, Linux Fundamentals

PROJECTS

ARGUSPH: Crime Reporting Platform for PNP Polangui — Full Stack Developer · Capstone · Live demo

- Designed and built a web-based crime reporting and interagency coordination platform for PNP Polangui, consolidating crime reports, lost and found, and missing persons and animals into one system.
- Implemented geolocation-tagged reports, priority levels, a chatbot for peace-and-order law queries, and AI audio alerts so responders can see where incidents occur and which come first.
- Built to meet Data Privacy Act (RA 10173) requirements, with evaluation against ISO/IEC 25010 by Polangui barangay officials, MDRRMO, and BFP personnel.
- Contributed to the capstone research alongside two co-researchers, including ethics review (ERB) documentation, site visit documentation, and the Data Requirements chapter.

Stack: React Native, Firebase, Maps, Vercel

PNP Face Match — Full Stack Developer · GitHub

- Built a multi-user, database-backed face verification app that returns a similarity score for two uploaded photos.
- Integrated DeepFace (Facenet512 embeddings, RetinaFace detection) into a Flask backend to detect faces, generate embeddings, and compare them.
- Implemented the full pipeline from image upload to scoring to results display.

Stack: Python, Flask, DeepFace (Facenet512, RetinaFace)

TSA External Envoys: Member and Partner Platform — Full Stack Developer · Live site

- Developed a full stack platform with a three-person team for TSA's external affairs committee, covering public pages, authenticated member access, applications, and admin tools.
- Implemented Firebase Authentication with a Firestore roster check that restricts access to registered members, and built admin workflows for member management and task assignment.
- Built a MOA document library with admin-only uploads and member read access, plus a media partner application flow.

Stack: Firebase (Auth, Firestore), JavaScript, Vercel

Space Gear Stories: NASA Space Apps Challenge 2026 Full Stack Developer · GitHub

- Developed an interactive, game-like storytelling web app for the NASA challenge "Abandoned but not Forgotten," teaching children about NASA equipment left on the Moon and Mars.
- Built collectible 3D equipment cards with scroll-driven GSAP animations and a saved discovery collection.
- Built and shipped within the hackathon timeframe as part of the NASA Space Apps Challenge.
  Stack: React, Vite, GSAP

TSA Community: Organization Community Platform Front-End Developer · Live site

- Developed and maintained responsive web interfaces for TSA's community platform, providing members with an accessible and organized online space.
- Implemented page layouts, navigation components, and user interface elements using HTML, CSS, and JavaScript.
- Collaborated with the programming committee to support front-end development and improve the platform's usability.
  Stack: HTML, CSS, JavaScript, Vercel

Student Resource Hub Full Stack Developer · Live site

- Built and deployed a web platform that organizes academic resources and student digital services in one place.
  Stack: Firebase Hosting

WORK EXPERIENCE

Administrative Aide II, Supply Office, Municipality of Polangui 2025 – 2026

- Supported daily administrative and operational activities of the Municipal Supply Office under the Special Program for Employment of Students (SPES).
- Assisted office personnel with basic IT support and technical concerns.
- Supported office documentation, information organization, and administrative workflows.

LEADERSHIP & ORGANIZATIONS

External Vice-President, TechSystems Association (TSA), BU–Polangui Aug 2026 – present

- Coordinate external partnerships, sponsorship communications, and inter-organizational collaborations.
- Manage partnership documentation, Memoranda of Agreement, and external correspondence.
- Support committee coordination and task delegation for organizational activities. Previously Acting Head of the External Vice-President role (Feb–Aug 2026).

Programming Committee Developer, TechSystems Association (TSA) Oct 2026 – present

- Contribute to the development and maintenance of web-based platforms supporting student organization operations.
- Collaborate with committee members on website functionality and user experience.

External Committee, Google Developer Group On Campus, Bicol University Oct 2026 – present

IT Representative, BU SYNC (mother org in CSD, BUP) Aug 2026 – present

Also: Member, For Girls Who Build PH; Member, CNCP: Cyber Ops; External Committee, Sentria.

EDUCATION

Bachelor of Science in Information Technology, Bicol University – Polangui Campus Class of 2027

Specialization: Cybersecurity and Systems Development · Dean's Lister, 2024, 2025, 2026 · Capstone: ARGUSPH for PNP Polangui

LICENSES & CERTIFICATIONS (20)

- **HarvardX**: CS50's Introduction to Cybersecurity
- **OPSWAT Academy**: Introduction to Critical Infrastructure Protection (0.50 CPE credits)
- **ADB Institute**: Cybersecurity (Certificate of Completion)
- **TESDA Program**: Java Programming NC III, 2026 (NRG Info-Tech Institute Inc. | TESDA, 240 hours)

Cybersecurity · Cisco Networking Academy

Ethical Hacker	Jun 2025	Introduction to Cybersecurity	Jun 2025
Network Support and Security	May 2026	Digital Safety and Security Awareness	Mar 2026

Web & Programming · Cisco Networking Academy

JavaScript Essentials 2	Jul 2026	JavaScript Essentials 1	Jul 2026
Python Essentials 2	Jul 2026	Python Essentials 1	Jul 2026
HTML Essentials	Apr 2026	CSS Essentials	Mar 2026

Data, AI & IT · Cisco Networking Academy

Data Science Essentials with Python	Mar 2026	Data Analytics Essentials	Mar 2026
Introduction to Modern AI	Jul 2025	IT Customer Support Basics	May 2026
Digital Awareness	Mar 2026	Computer Hardware Basics	Jan 2025

Cisco Networking Academy courses completed with the DICT-ITU DTC Initiative, JS Institute and Python Institute.
